**Action Plan 2020– Primary Care Services Unit**

Ministry of Health and Indigenous Medical Services is currently attending in Primary health care development activities through various programmes. Furthermore, Ministry has decided to expand these activities in primary health care offering units in secondary and tertiary care hospitals also.

Therefore, it is necessary to identify the gaps between current services provided by Primary Medical Care Institutions (PMCI) and the standard services to be provided as per the Essential Services Package (SLESP). A situational analysis is planned to conduct in order to collect this data. Thus, please fill the attached table (annexure I) and send to [pcsmoh@gmail.com](mailto:pcsmoh@gmail.com) on or before 10.03.2020.

Soft version of this situational analysis (annexure I) can be downloaded from following link [http://www.health.gov.lk/moh\\_final/english/others.php?pid=142](http://www.health.gov.lk/moh_final/english/others.php?pid=142)

This situation analysis format (annexure I) has been developed according to the guidelines on the "services to be provided by the Primary medical care institutions (PMCI) as out-patient services, as specified in the Sri Lanka Essential Services Package "by Ministry of Health and Indigenous Medical Services (annexure II)
