

**Invitation for Applications: Preparation of the document titled ‘Sustainable Development Strategic Framework for Sri Lanka’ as Lead Consultant (2 posts)**

**Post of:** Lead Consultant to write the Sustainable Development (SD) Strategic Framework (2 posts)

**Project of:** Ministry of Health, Nutrition & Indigenous Medicine, “Suwasiripaya”, Colombo 10

**Background of the project:** The Ministry of Health, Nutrition & Indigenous Medicine is currently aiming for sustainable development on health, which also includes achieving health-related goals of the Sustainable Development Goals (SDGs), of which Goal 3 aims to ensure healthy lives and promote well-being for all at all ages. In order to achieve this task, several changes have to be made in the healthcare system and its’ delivery. The areas identified requiring changes are: health financing, primary care re-structuring, policy reforms, information management, human resources for health and essential medicines. A country-specific Sustainable Development Strategic Framework is required to incorporate changes and guide health planners on ‘how to get there’, with detailed strategies to plan activities and allocate resources accordingly. As the Sustainable Development Strategic Framework showcases key strategic prioritization for long-term development of the country, the final document has to be prepared by two experts who have past experience in completing similar tasks.
