

# Human Resource Profile

LINE MINISTRY INSTITUTIONS

Updated: 30<sup>th</sup> June 2026

Directorate of Planning – Management,  
Development, and Planning Unit  
**Ministry of Health**

# Preface

Accurate and up-to-date human resource information is essential for effective health sector planning, rational deployment, and informed decision-making. The Planning Directorate of the Ministry of Health and Mass Media, Sri Lanka prepared this publication under the guidance of Dr. S. Sridharan, Director General (Planning). This report presents the updated human resource profile as at 30<sup>th</sup> June 2026, covering the Ministry of Health Head Office, National Hospitals, Teaching Hospitals, Specialized Teaching Hospitals, Other Specialized Hospitals, District General Hospitals, Base Hospitals, Divisional Hospitals, Training Schools, and Public Health Campaigns under the Line Ministry.

The publication was made possible through the active cooperation of all institutions and officers involved in updating, verifying, and validating the data. Special appreciation is extended to all staff whose dedication, commitment, and valuable contributions supported the initiation, timely quarterly updating, and successful completion of the Human Resource Profile and this report.

To complement this publication and further support data-driven decision-making, the Ministry has launched a new web-based platform: <https://hris.health.gov.lk/>. Designed to improve transparency and accessibility, this portal allows users to seamlessly explore institution-level staff distribution and analyze cadre data. Key features include interactive HR Dashboards detailing overall, designation, and salary summaries, alongside real-time cadre and in-position tracking. Additionally, the platform offers an advanced AI-powered HR Assistant to help generate insights, and direct download access for Provincial and Line Ministry HR profiles. It is our hope that both this publication and the new digital platform will serve as valuable resources for strengthening healthcare management across the country.

Dr. Janaki Vidanapathirana

**Director- Planning, Ministry of Health**
